SUMMARY

Motivated B.Tech graduate in Artificial Intelligence and Data Science, currently pursuing an M.Tech in Computer Science and Engineering. Skilled in Python, Java, JavaScript, HTML, CSS, and MERN Stack development, with strong problem-solving and communication skills. A quick learner and dedicated individual, actively seeking opportunities to apply technical skills, grow professionally, and contribute to challenging projects.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, SQL

Tools: Jupyter Notebook / JupyterLab, VS Code, Github, Git

Web Technologies: HTML, CSS, JS, React.js, Node.js, Express.js, MongoDB

Soft Skills: Problem-solving abilities, Attention to detail, Strong analytical skills, Communication and presentation skills

PROJECTS

MailMind: Smart Email Prioritizer and Gmail Assistant

Developed an AI-powered email management system for email prioritization, summarization, and context-aware smart reply generation using NLP and LLMs.

Integrated the Gmail API and implemented attachment analysis with an interactive Streamlit-based dashboard to improve email management and productivity.

Community Chat Application

Developed a full-stack real-time chat application using the MERN stack with JWT authentication and protected routes.

Implemented real-time messaging, online/offline status, typing indicators, and message read receipts using Socket.IO. including profile customization and image uploads using Cloudinary.

Additional Projects: Developed several projects that are available at my portfolio website

INTERNSHIP

AI: Transformation Learning

Feb 2025 – Mar 2025

Edunet Foundation

Remote

Built a Streamlit-based personal fitness tracker using Python, Pandas, and NumPy to analyze exercise and heart rate data, achieving over 95% tracking accuracy.

Data Science and Machine Learning Intern

Aug 2024 – Sep 2024

HDLC Technologies

Remote

Cleaned and analyzed data using Pandas and NumPy, and built and evaluated machine learning models for predictive tasks.

EDUCATION

Dr. M.G.R. Educational and Research Institute (MGR University), Chennai

Expected Graduation: 2028

Master of Technology in Computer Science and Engineering

Meenakshi Sundararajan Engineering College, Chennai

April 2026

Bachelor of Technology in Artificial Intelligence and Data Science

CGPA: 8.34

CERTIFICATIONS

- Data Analysis with Python
- JLPT N5 Certification
- Introduction to MongoDB
